

MARK KEMPA

Denver, CO | mkempa22@gmail.com | (248) 444-2243

Strategic finance leader with 12+ years at venture-backed healthcare companies in various functions. Proven ability to operate as a hands-on finance leader while providing strategic decision support to leadership teams. Deep expertise in various healthcare business models, unit economics optimization, and high-performing finance functions. Track record of driving financial discipline, managing ambiguity, and delivering outcomes in fast-paced environments.

CORE COMPETENCIES

- FP&A & Strategic Planning
- Scenario Modeling & Cash Management
- Unit Economics & Cohort Analysis
- Board & Investor Reporting
- Process & Systems Implementation
- Cross-Functional Leadership

PROFESSIONAL EXPERIENCE

Connections Health Solutions | *Multi-State Series B Behavioral Health Provider*

Director of Finance May 2024 – Present

- Developing AI-enabled dashboards to augment cash flow forecasting and RCM reporting
- Own end-to-end FP&A function, including forecasting, budgeting, long-range planning, and performance management for a rapidly scaling healthcare organization
- Built a comprehensive five-year financial model with multiple scenarios projecting path to profitability and capital requirements, directly supporting fundraising and investor diligence
- Redesigned the budgeting process from scratch, leveraging Adaptive Planning to enable a scalable financial planning framework aligned with growth objectives
- Translate operational and financial data into actionable insights for the executive team, identifying margin improvement opportunities that drove 15%+ center-level profitability gains
- Collaborate with operations and HR teams on process improvement initiatives, including clinical staffing dashboards, provider compensation tracking, and workforce planning approval workflows
- Support vendor performance through contract approval diligence, monitoring of cost trends with critical vendors, and serving as the finance arm in certain vendor conversations

Sprinter Health | *Series A In-Home Healthcare Delivery Startup*

Director of Finance May 2022 – May 2024

- Owned day-to-day strategic finance, accounting operations, and revenue cycle management in a hands-on finance leadership role during a critical growth phase
- Proactively managed runway and working capital through multi-scenario forecast modeling, extending cash runway through strategic resource allocation and ruthless prioritization
- Designed and maintained cohort economics framework and KPIs for new service lines and market expansion, ensuring profitable unit economics and a clear pathway to sustainable growth
- Established a monthly executive reporting cadence with KPI dashboards, variance narratives, and operating metrics, providing the board and investors with visibility into business performance
- Managed external accounting, tax, audit, and revenue cycle vendors in a resource-constrained environment, ensuring a reliable monthly close process

VillageMD | *Venture-Backed Primary Care Network*

Finance Manager, Value-Based Care January 2021 – May 2022

- Served as finance business partner to multi-market operations, collaborating with analytics and operations to forecast value-based contract performance and model revenue/expense drivers
- Built financial models for new market feasibility analysis, enabling executive decision-making around market expansion, staffing requirements, and the pathway to value-based contracts
- Supported M&A transactions by analyzing acquisition targets' value-based contract performance and identifying financial opportunities and risks for deal evaluation

Everside Health (now Marathon Health) | Venture-Backed Direct Primary Care Provider

Senior Financial Analyst January 2019 – December 2020

- Owned monthly and quarterly financial reporting package (KPIs, P&L, balance sheet, cash flow, variance analysis) distributed to C-suite, board, and investors
- Developed unit economics framework identifying target client industries and validating clinic-level margins, directly informing growth strategy and sales targeting
- Built three-statement models throughout budget and forecast cycles to monitor cash burn and provide investors with forward-looking financial projections

Intermountain Health

Senior Financial Analyst September 2017 – January 2019

- Prepared consolidated financial statements for \$2.5B health system and streamlined the financial close process using automation, reducing the statement preparation timeline by 2 days

BDO USA, LLP

Senior Assurance Associate October 2014 – August 2017

- Led financial audits for public and private healthcare, technology, and manufacturing clients (\$30M–\$1B revenue), managing teams and ensuring GAAP compliance throughout the engagement lifecycle
